EDUCATION

Babcock University, Ogun State, Nigeria
Bachelor of Science in Software Engineering
CGPA: 4.55 / 5.0

Graduation Date: September 2028

Technical Skills: JavaScript | TypeScript | HTML5 | CSS3 | React | Vite | Node.js | Express | API Integration | Figma | UI/UX Design | Responsive Design

WORK EXPERIENCE

Academic Team Project — Inventory System | Babcock University 2024
Project Manager

- Led a cross-functional student team to design, build, and deliver a fully functional inventory management system within deadline
- Coordinated task assignments, tracked sprint progress, and facilitated team meetings to ensure smooth project delivery
- Contributed directly to debugging, testing, and quality assurance across the codebase
- Managed communication between team members and resolved blockers to keep the project on schedule

Student Software Developer Project-Based Experience 2024 – Present

- Collaborated with team members to troubleshoot and resolve software issues across multiple projects
- Participated in code reviews to improve code quality and enforce best practices
- Contributed to building user-friendly and responsive web interfaces using React, TypeScript, and Tailwind CSS

PROJECTS

Africa Countries Web App | TypeScript, React, Tailwind CSS, Node.js, Express, REST API 2024

- Designed and built a full-stack web application showcasing the culture and uniqueness of African countries
- Developed the frontend using TypeScript and Tailwind CSS with a strong focus on responsiveness and accessibility
- Built a REST API using Node.js and Express to serve dynamic country data to the frontend

Portfolio Website | HTML, Tailwind CSS, JavaScript 2025

- Built a fully responsive personal portfolio to showcase projects, skills, and professional background
- Designed clean, modern UI layouts and ensured cross-device compatibility and fast load performance

Bakery Website | HTML, Tailwind CSS, JavaScript, REST APIs 2024

- Built a responsive frontend using HTML, Tailwind CSS, and JavaScript with reusable component architecture
- Integrated backend APIs to display dynamic content including menu items and product listings

ACHIEVEMENTS & CERTIFICATIONS

Internship Offers

- Received internship offers from Codeva and CodeAlpha, recognising frontend development skills

UI/UX Strategies Certification — UniAthena 2025

- Completed a professional certification course covering core UI/UX design strategies and principles

LEADERSHIP & INVOLVEMENT

Google Developer Groups (GDG) on Campus | Babcock University 2024 – Present

- Active member of the GDG campus chapter, participating in workshops, developer events, and community-led tech initiatives

INTERESTS

UI/UX Design | Front-End Development | Full-Stack Engineering | Learning new web technologies
